Written Off

Incidents, Accidents and Additional Details

- **04-Feb-1978** While taxiing for departure at Pointe-à-Pitre-Le Raizet Airport the left landing gear failed as a result of an existing fracture. Repairable and returned to service.
- **18-Nov-1978** Struck the water with the left wingtip and crashed while on approach to Marie-Galante in a strong squall and ceilings of 200-300 feet. The aircraft sank in 13 meters of water.
